# Table of Contents

1. PP (Polypropylene) Food Grade Bags	1-2
2. LDPE Food Grade Packing Bags	3-4
3. LDPE in Automotive parts	5
4. Trash bags, Liners and Nursery Bags	6
5. Sutli Rope/Twine Rope	7-8
6. Mulching Films	9
7. Bubble Sheet	10
8. Stretch Film	11
9. 3D Packaging Polybags	12

# PP (Polypropylene) Food Grade Bags

We are Manufacturer of wide variety of PP (Polypopylene) bags/ Sheets widely used majorly for the packaging of bakery products confectionaries, herbs, nuts etc.

- ✔ Our Food grade PP bags are moisture free, odourless and non toxic bags.
- ✔ These Bags also work effectively in extending the shelf life of products.
- ✔ These bags are produced without any additives or chemical materials so, there is no chance to have adverse effects
- ✔ Designed using virgin food grade polypropylene granules only
- ✔ They are moisture proof, waterproof and dust free packaging bags
- ✔ PP bags are characterized by their remarkable chemical strength and resistance. Unlike other bags, polypropylene bags are non breathable and are ideal for retail situations due to their longer shelf life.

- ✔ These bags are comparatively clearer than others, allowing users enhanced visibility. PP bags are also great for heat-sealing due to their high melting point.

## Standard Sizes:

- ✔ 3x4' , 4'x6' , 5'x7' , 6'x8' , 18x24' , 22'x22' , 24'x36' etc
- ✔ Also available in 1 kg , 2 kg , 5 kg etc packing
- ✔ Any other size and thickness/gauge as per requirement

# LDPE Food Grade Packing Bags

We are Manufacturer of wide variety of **LDPE bags/sheets** widely used for the packaging of pulses, sugar, salt, frozen foods, poultry, powder, textiles, dairy products and many other products.

**Our Food grade bags** are most effective in storing the food products as it stores with utmost care and them from spoilage. During transportation also it prevents/protects the products from the effects of changing climatic conditions.

It also maintains the freshness and quality of packaging food products that help them to keep control on moisture, odour that may spoil the items.

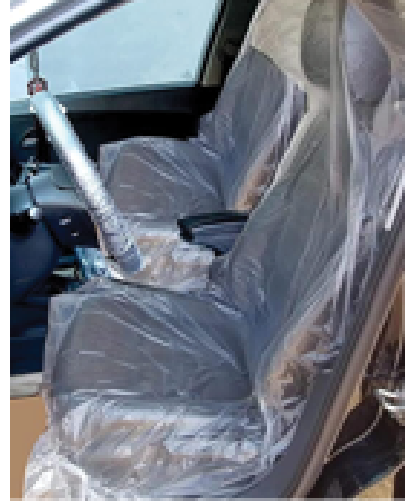

- ✔ Our Food grade LDPE bags are moisture free, odourless and non toxic bags.
- ✔ These bags also work effectively in extending the shelf life of products.
- ✔ These bags are produced without any additives or chemical materials so there is no chance to have adverse effects

- ✔ Designed using virgin food grade polyethylene granules only
- ✔ They are moisture proof, waterproof and dust free packaging bags

# Sutli Rope/Twine Rope

We are leading manufacturers of PP Twine (Sutli) in India . Today Synthetic Twine is having high profile application in packaging, sealing bundles, bags and boxes and other sealing operations.

Today Synthetic Twines also have wide varieties of applications in agriculture and farming.

We are leading manufactures of following qualities of Sutli ropes as per client's requirements:

- ✔ **100% Virgin Twine/Sutli:** This Virgin Twine is high density Polypropylene Twine as it is manufactured from 100% virgin grade PP Granules and some other ingredients for shining and smoothness
- ✔ **Next2 Virgin Twine** is also high density Polypropylene Twine and looks same like 100% Virgin Twine which is manufactured from PP Plant Waste Granules

- ✔ **Reprocessed twine:** This PP Mono Twine is manufactured from Recycled PP Raw Material and high density color pigments to give it export quality look and strength. And also custom made package size, length and weight according to specific requirement of customer.
- ✔ **Semi Virgin Twine:** This Semi Virgin Twine is also high density Polypropylene Twine and looks same like Next2 Virgin Twine but it is not available in transparent white color as it is manufactured from semi virgin grade raw material which is dull in color

# Mulching Films

Mulching is an agricultural technique that involves covering the soil with special films to prevent contamination of the crops and the soil from atmospheric agents, which can dry the ground, deteriorate fruits, cool the earth and displace fertilizers, thus it is necessary for vegetative development

- ✔ Our enterprise is involved in providing the clients Transparent or Clear Plastic Mulching Films. Our Transparent or Clear Plastic Mulching Films is demanded all over the domestic market.
- ✔ The Transparent or Clear Plastic Mulching Films can be availed in the market at a very reasonable price. Clients can avail this substance in bulk quantity.
- ✔ Our organization has in store for the clients a wide array of Black Mulching Films also.
- ✔ We check these Mulching Films on various quality parameters.

# Bubble Sheet

Air bubble sheets are extensively used for packing various products, including electronics, electrical goods, glassware, delicate collectables, expensive household items, and machinery. These sheets serve the purpose of keeping the goods well-protected, ensuring their safe transport and storage.

**We are leading supplier of bubble sheets and rolls of various GSM and length as per industry customized requirements.**

# Strech Film

Stretch wrap or stretch film, sometimes known as pallet wrap, is a highly stretchable plastic film that is wrapped around items. The elastic recovery keeps the items tightly bound.

Stretch wrap can have several functions :

- ✔ Improved stability of products or packages, forming a unit load
- ✔ More efficient handling and storage of unit loads
- ✔ Some degree of dust and moisture protection
- ✔ Some degree of tamper resistance and resistance to package pilferage
- ✔ Some degree of sun protection (UV stretch wraps)

**We are leading suppliers of Strech film of various sizes and dimensions as per industrial requirements.**

# 3D Packaging Polybags

3D plastic bags are used to Packaging of metal parts, automotive and electronic parts. We are a well-known manufacturer of an optimum range of 3D VCI Plastic Bags. Clients can avail this from us in different sizes and shapes at affordable rates.
