COMPANY INTRODUCTION

ABOUT US

Hardeep Industries is a leading manufacturer of **flexible plastic and compostable packaging solutions in Chandigarh**, serving industries across Punjab, Haryana, Himachal Pradesh, and North India since 1995.

WE SPECIALIZE IN MANUFACTURING

PLASTIC PACKAGING PRODUCTS

LDPE Liner Bags / Sheets

Garbage Bags /
Bio Medical Waste Collection Bags

PP Bags

Sutli Rope / Twine Rope

HM Sheets / Rolls

Shrink Films

Mulching Films

Stretch Films

COMPOSTABLE PACKAGING PRODUCTS BY FLEXIPLAST™

Compostable Carry Bags

Compostable Garbage Bags

Compostable Bio Medical
Waste Collection Bags

Compostable Nursery Bags

Compostable Liner Bags

Compostable Pouches

QUALITY ASSURANCE

High quality raw materials and advanced manufacturing processes.

CUSTOM SOLUTIONS

Tailor-made solutions to meet diverse packaging requirements.

TIMELY DELIVERY

Efficient logistics and on-time delivery across North India.

SUSTAINABLE FUTURE

Committed to eco-friendly products for a cleaner and greener tomorrow.

LDPE LINER BAGS / SHEETS

— By Hardeep Industries —

High-performance **LDPE liner bags, sheets, and rolls** designed for industrial and bulk packaging applications.

Leak-proof &
Moisture
Resistant

High Tensile
Strength

Protection from
Dust, Moisture &
Transit Damage

Custom Sizes
& Thickness
Available

APPLICATIONS

- ✓ Agrochemicals & pesticides
- ✓ Chemical & powder packaging
- ✓ Pharmaceutical products
- ✓ Automotive parts (nuts, bolts, components)
- ✓ Industrial goods & bulk storage

KEY FEATURES

- ✓ Leak-proof & moisture resistant
- ✓ High tensile strength for heavy-duty use
- ✓ Protection from dust, moisture & transit damage
- ✓ Custom sizes, thickness & specifications
- ✓ Suitable for drums, containers & bulk packaging

BIOMEDICAL WASTE COLLECTION BAGS

By Hardeep Industries

We manufacture high-quality
Biomedical Waste Collection Bags
designed for safe and hygienic disposal.

SAFE DISPOSAL
Ensures safe and
hygienic waste
handling

DURABLE
Leak-resistant
& tear-resistant
materials

FOR HEALTHCARE
Suitable for
hospitals, clinics
& labs

PROPER SEGREGATION
Helps in effective
waste segregation
& management

FEATURES

-  **Leak-resistant & tear-resistant**
Strong and reliable to prevent spillage and leakage
-  **Durable and hygienic**
Made from high-quality virgin LDPE for maximum hygiene
-  **Suitable for hospitals, clinics & labs**
Ideal for biomedical, pathological & infectious waste
-  **Designed for proper waste segregation**
Available in multiple colors as per
Biomedical Waste Management Rules

AVAILABLE IN

**HIGH STRENGTH
& PUNCTURE
RESISTANCE**

**LEAK PROOF
& MOISTURE
RESISTANT**

**SAFE HANDLING
& TRANSPORT
OF WASTE**

**ENVIRONMENT
RESPONSIBLE
DISPOSAL**

PP BAGS

FOOD GRADE PACKAGING

By Hardeep Industries

Manufactured using **virgin food-grade** materials for safe and hygienic packaging.

APPLICATIONS

Bakery products

Pulses, grains, dairy

FMCG packaging

KEY FEATURES

Moisture-proof
& Hygienic

Odorless &
Non-toxic

Extends
Shelf Life

Food Grade
Material

Strong, Durable
& Reliable

SAFE. HYGIENIC. FOOD GRADE.

Ideal for a wide range of food packaging needs.

SHRINK FILMS

By Hardeep Industries

Our LDPE Shrink Films are designed for **secure, durable, and cost-effective packaging**, offering excellent protection during storage and transit. On heat application, the film tightly shrinks around the product, ensuring **stability, safety, and a professional finish**.

KEY FEATURES

- ✓ High strength & durability
- ✓ Excellent shrink performance
- ✓ Leak, dust & moisture resistance
- ✓ Transparent for product visibility
- ✓ Custom sizes, thickness & printing available

APPLICATIONS

- ✓ Pallet wrapping & bulk packaging
- ✓ FMCG & beverage multipacks
- ✓ Carton & retail packaging
- ✓ Industrial goods protection

WHY CHOOSE OUR SHRINK FILMS?

Strong & Durable

Superior Shrink Performance

Leak, Dust & Moisture Resistant

High Clarity for Better Visibility

Customizable Solutions

SECURE. PROTECT. PRESERVE.

Reliable packaging that enhances product safety and presentation.

SUTLI / PLASTIC TWINE ROPE

By Hardeep Industries

High-strength packaging solution
used across industries.

APPLICATIONS

Packaging & bundling

Agriculture

VARIANTS

Virgin

Semi- virgin

Reprocessed

KEY FEATURES

High Strength
& Durability

Reliable
Performance

Moisture & Weather
Resistant

Lightweight
& Easy to Use

Smooth Finish
& Tangle-Free

STRONG. RELIABLE. VERSATILE.

Ideal for packaging, bundling and agricultural needs.

MULCHING FILMS

By Hardeep Industries

Mulching is an agricultural technique that involves covering the soil with special films to prevent contamination of the crops and the soil from atmospheric agents, which can **dry the ground, deteriorate fruits, cool the earth and displace fertilizers**, thus it is necessary for **vegetative development**.

- ✓ Our enterprise is involved in providing the clients Transparent or Clear Plastic Mulching Films.
- ✓ Our Transparent or Clear Plastic Mulching Films is demanded all over the domestic market.
- ✓ The Transparent or Clear Plastic Mulching Films can be availed in the market at a very reasonable price. Clients can avail this substance in bulk quantity.
- ✓ Our organization has in store for the clients a wide array of Black Mulching Films also.
- ✓ We check these Mulching Films on various quality parameters.

APPLICATIONS

Vegetable cultivation

Fruits & berries

Nurseries & flower farming

General crop protection

Moisture retention & weed control

KEY BENEFITS

Moisture Retention

Weed Control

Regulates Soil Temperature

Promotes Better Growth

Protects Soil & Crops

Cost Effective Solution

BETTER YIELDS. HEALTHIER CROPS. SUSTAINABLE FUTURE.

High quality mulching films for modern & efficient farming.

STRETCH FILM

By Hardeep Industries

Stretch wrap or stretch film, sometimes known as pallet wrap, is a highly stretchable plastic film that is wrapped around items. The elastic recovery keeps the items **tightly bound**, ensuring **secure packaging** during storage and transit.

KEY FEATURES

- ✓ Improved stability of products or packages, forming a unit load
- ✓ More efficient handling and storage of unit loads
- ✓ Some degree of dust and moisture protection
- ✓ Some degree of tamper resistance and resistance to package pilferage
- ✓ Some degree of sun protection (UV stretch wraps)

APPLICATIONS

Pallet wrapping

Warehouse & logistics

Bundling & unitizing products

Secure loading for transportation

Industrial packaging

WHY CHOOSE OUR STRETCH FILMS?

High Strength & Durability

Excellent Stretchability

Puncture & Tear Resistance

Dust & Moisture Protection

UV Protection

Tamper Resistance

STRONGER WRAP. BETTER PROTECTION.

Secure your products. Save time, space & cost.

COMPOSTABLE CARRY BAGS

By Hardeep Industries

Flexiplast Compostable Carry Bags are **100% eco-friendly, plant-based packaging** solutions designed to replace conventional plastic bags.

These bags decompose into natural elements under composting conditions, leaving **no toxic residue or microplastics**.

KEY FEATURES

100% Compostable & Biodegradable

Breaks down naturally without harming the environment.

High Strength & Durability

Reliable, sturdy and designed for everyday use.

Custom Printing & Branding

Enhance your brand visibility with high-quality printing.

Certified Quality

Certified by CPCB & as per ISO 17088 standards.

Multiple Sizes & Thickness

Available in various sizes and thickness as per your requirements.

Wide Applications

Ideal for retail stores, supermarkets, pharmacies and more.

AVAILABLE IN 1KG, 2KG, 5KG
AND CUSTOM PACKAGING SIZE

PLANT BASED

COMPOSTABLE

ECO FRIENDLY

CARRY RESPONSIBLY. LIVE SUSTAINABLY.

COMPOSTABLE LINER BAGS

By Hardeep Industries

Stronger for *today*.
Better for *tomorrow*.

Our compostable industrial liner bags are designed to safeguard your products inside boxes, drums, and other packaging formats. They offer high strength, leak-proof performance, and naturally decompose after use—helping reduce environmental impact while enhancing sustainability.

From secure shipping to responsible waste management, compostable liners represent the future of industrial packaging.

SAFE DISPOSAL
Ensures safe and hygienic waste handling

DURABLE
Leak-resistant & tear-resistant materials

FOR INDUSTRIAL USE
Suitable for factories, warehouses & packaging

ECO-FRIENDLY
Helps in effective waste management & sustainability

KEY FEATURES

- Available in multiple sizes & thickness
- Ideal for industrial use
- Custom printing available
- Certified by CPCB & as per ISO 17088
- Strong & Durable, Tear Proof and leak proof

IDEAL FOR

Industrial Packaging

Safe Waste. Safer Tomorrow.

COMPOSTABLE NURSERY BAGS

Flexible on *you*, Gentle on *earth*.

By Hardeep Industries

Plant-Based
Material

100%
Compostable

Better for
our Planet

Our compostable nursery bags are designed to support healthy plant growth and efficient handling in nurseries, plantations, and agricultural applications. With strong structure and reliable durability, they securely hold soil and roots while allowing proper aeration and moisture balance.

Made from plant-based materials, these bags naturally decompose in the soil after use—eliminating the need for removal and reducing plastic waste in the environment.

From seedling development to sustainable cultivation, compostable nursery bags offer an eco-friendly alternative to conventional plastic, shaping the future of green agriculture.

KEY FEATURES

- ✓ Strong and durable to support healthy root growth
- ✓ Suitable for nurseries, plantations, and agricultural use
- ✓ Available in various sizes for different plant requirements
- ✓ Customizable as per crop and usage needs
- ✓ Certified by CPCB & compliant with ISO 17088 standards
